Herald Sun Quaffing 2006 West Cape Howe Semillon Sauvignon Blanc 4.5/5 Fine Drop

Tuesday 7th August 2007

Based in Denmark in Western Australia's Great Southern region, West Cape Howe has rightly earned a reputation for consistently high standards across a growing range of red and white varietal styles. In this case, well modulated tropical and citrus fruits, some passionfruit and a hint of green grass amount to an impressive example of a popular blend at a realistic price
